

Dual UK/NZ citizenships

Professional summary and value proposition:

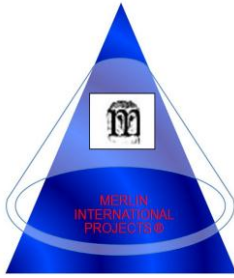

I have a long and successful career in projects and information systems development and support, including management of IT, Development, Projects, Analysis, Implementation, Support and Operations, consultancy and technical (non-managerial roles including analyst, developer and test analyst).

In addition to specialisation in IBM iSeries and related technologies, I have experience of Windows and Web based systems development, many industries and international sites, including residences in the UK, Holland, Belgium, France, New Zealand and Australia, supporting many more countries. Clients and employers include several large multi-nationals, 8-10 consultancies and end user sites.

My history of completed projects, problem resolutions, situation improvements and cost effective services to employers and their clients includes: IBM, EDS, GE Money/Wizard, St George Bank, Telecom NZ, 3M, Castrol Oil NZ, JD Edwards, SSA Pacific, Fletcher Challenge, DHL, General Accident, Elders, NZCS, NZI, Emerson, Sky TV and many more. Sectors include various types of manufacturing, Telco's and CATV, retail (supermarket), financial banking, mortgages, leasing, insurance, government, real estate and passenger transport. Package development include: customer care, payroll/HR, freight insurance and CTI (call centre) solutions across several industries and countries, also several complete ERP systems development and implementations.

www.merlininternationalprojects.com

Merlin International Projects began in 1985, originally known as IBIS, in Auckland, New Zealand. Through these companies I have provided services to numerous organisations throughout New Zealand, NSW and Victoria in Australia, several organisations in the UK, France, Holland, Belgium, USA, Singapore, Malaysia, Taiwan, Hong Kong, the Philippines, Indonesia and many others remotely.

This necessitated fulfilling many different roles in the IS/IT profession, always with success and often with distinction.

- Designing and developing a nationally successful software package, eventually sold to an international software provider.
- Commissioning many of the first IBM AS/400s in New Zealand and installing and migrating 10-20 client installations.
- Providing various managerial and other services to many of the major names in New Zealand, the UK, Belgium and in other countries.
- Individually, or as a key team member, responsible for major achievements with IBM (Telecom NZ), New Zealand Insurance, Convergys (UK and Europe), Emerson Process Management (international responsibility), EDS, plus many others.
- Providing services to 8 or more software consultancies in the UK, NZ and Australia.
- Responsible for the establishment and/or continuing success of 2 industry user association groups, 1 in the UK and 1 in NZ.
- In recent years, focussing attention on professional associations. I was accepted as a Chartered Member of the BCS, followed by acceptance as a Fellow, senior professional member of the ACS, a member of PMI and a Prince 2 Practitioner, recently re-certifying. Recently passionate about moving the New Zealand professional certification process to a successful alignment with IP3 (IP3P), which completed with the announcement of their ITCP accreditation.
- Key areas of interest: IBM i modernisation and Project Management.
- Professional public service operator, trained, certified and accredited in the UK, NZ, and Australia (NSW and Victoria). All certifications and checks being updated in mid-2009.
- Past Club Treasurer, senior committee representative, clubman of the year, schoolboy coach and manager, masters player of Glenora Bears RLFC, Waitakere City, New Zealand.
- Past member of Lions International, Werribee, Victoria (Adventure Park chairman).

[Victoria Driving Certificate 2009](#)

Other successes:

Training MS Project, Java, RPGLE, ITIL Foundation Syllabus v4.2, PMI PMBOK for PMP, Eclipse, others.

Dec 2008 – May 2009 **New Zealand Computer Society Inc, Wellington**

Position and responsibilities:

Professional Programme Coordinator, NZCS professional certification and accreditation (ITCP) and other initiatives.

Reporting directly to the CEO, working with National Council, and focus groups, 7 branch and sub-branch chairs, fellows and other members nationally. The role included research, policy recommendation, assisting in the development of submissions to government departments, and NZCS members towards IP3 accreditation of CITP/IP3P Professional Certification in NZ (ITCP).

I personally organised all and participated in 5 of the 6 national (regionally based) public workshops, and was a member of the discussions with senior academics at Auckland, Waikato, Wellington, Otago and Christchurch Universities and Technical Institutes (ITPs), senior government department staff at immigration, careers and education. One responsibility was to receive, document and analyse all feedback and submissions to enable the programme model to be revised by the CEO and President.

I then audited the model changes and advised the executive and those submitting of the changes relevant to them and my assessment of the validity of the revised model. As a recipient of both recognitions, in the UK and Australia. I had significant knowledge and some contacts, together with a proven history of successful outcomes in NZ, Australia, UK and Europe.

Assist in the proposed implementation of a mentoring programme for NZCS.

Qualified in life skills and business performance coaching, with training and experience of NLP, I am well qualified for this task.

Other successes:

[Re-certified Prince 2 Practitioner](#)

[Awarded BCS Fellowship](#)
